

To whom it may concern,

I have had the privilege to work with Rose Stark in both Primary Care and Urgent Care settings. Her care and consideration for the patients we serve is exemplary. As the only Spanish-speaking provider working in our office, I see a high volume of Spanish-speaking patients. Rose's work with these patients in-office, and with digital follow-up, has been instrumental in ensuring they receive the highest level of care. She has shown herself to be very dependable, not only in carrying out any test or procedure ordered, but doing so with a patient-centered attitude.

In addition, Rose has been very easy to work with and is open to any feedback. Anytime something has needed slight correction in the past, she has maintained a great attitude and corrected the situation immediately. This positive attitude is evident in all that she does. She always stays busy and I have noticed her studying for her program whenever there is downtime between patients. Her persistence is something that continues to stand out to me, time and again.

I would highly recommend Rose for any program and feel confident that she will prove to be a diligent student and a competent provider.

With regards

James Smith PA-C
